

Bianca Kolendo

Holistic design leader with over 9 years designing and scaling global learning programs, instructional systems, and digital learning experiences. Expertise in learning strategy, needs analysis, accessibility, learning technologies, and cross-functional collaboration with product and engineering teams. Passionate about mentoring, using data to improve learning outcomes, and driving innovation through emerging technologies.

WORK EXPERIENCE

Netspend [Austin, TX]

Learning Experience Designer - Customer Support

SEPT 2024 - CURRENT

- Led the end-to-end strategy, design, and implementation of a new Fraud Upskilling curriculum, reducing classroom time 42.8% while increasing CSAT 51.5% (33 to 50) and maintaining learner confidence.
- Championed AI-enabled design workflows that reduced development time by 18% on average while improving team efficiency and content quality.
- Established scalable learning design standards and reusable design systems across eLearning, ILT, and performance support materials, improving consistency and accelerating development.
- Partnered with global vendors and cross-functional stakeholders to identify learner pain points, technology issues, and content gaps; translating insights into continuous learning improvements.

Lovehoney Group [Remote in Austin - Bath, UK]

UX/UI Designer - North America & Global Support

MAR 2023 - JAN 2024

Please note, this departure was due to layoffs. A letter of recommendation can be provided.

- Designed site features, including a shop by size layout projected to boost annual revenue by \$216,270
- Designed and facilitated usability studies, synthesized research findings, and translated insights into user journeys, prototypes, and product improvements in partnership with product managers.
- A/B tested on the live site monthly alongside PMs based on user feedback and engagement data
- Facilitated UX design best-practice sessions across global teams, created color compliance guidelines, and ensured a11y compliance during site updates and campaigns
- Formalized Design Systems using Atomic Design Methodology; rebuilt 70+ icons and flexible components with documentation with various states, nested instances, and fields for consistency

Indeed [Austin, TX]

LX Design Manager - Job Seeker Operations

APR 2018 - FEB 2023

- Led learning strategy and curriculum design for global onboarding across 11 operational teams by conducting needs analyses, mapping learner journeys, and partnering with stakeholders to achieve a 90% learner satisfaction rate.

- Supported 61 people managers through learning strategy, performance consulting, mentorship programs, and instructional best practices, increasing confidence scores by 7%.
- Used learner data, surveys, interviews, and performance metrics to identify organizational skill gaps and establish quarterly learning OKRs and KPIs that informed strategic learning initiatives.

Senior LX Designer - Trust & Safety

JAN 2018 - APR 2018

- Collaborated with engineers to develop an internal QA tool, saving thousands in subscriptions; defined product requirements and designed the interface, optimized with user testing feedback
- Revamped onboarding process by integrating Articulate Rise and third-party resources, cutting in-person training time by ~40% while maintaining learning outcomes

Analyst - Trust & Safety

MAY 2015 - JAN 2018

- Used design tools (e.g. Adobe After Effects, Photoshop, Illustrator) to make memorable and interactive training materials, increasing retention and learner satisfaction by 15%
